The trestlework and bridging is under contract and will be finished immediately. All the work now being done will be the laying of the track. It is expected that the road will be in running order by late next month.

This indeed most cheering news. We have waited long and patiently for this consummation of our desires. There has been no doubt it was now dissipated, and in four or five months we may expect to hear the shrill whistle of the engine blowing over our hills and valleys to *Bardonia Gossie*.

NELSON COUNTY AGRICULTURAL AND MECHANICAL ASSOCIATION.—The following officers were elected on Monday, May 14th, 1899:

President—F. O. Murphy
Vice-President—J. W. Wilson, William S. Clark, E. L. Miles.
Directors—W. W. McCallister, Abner King, B. Davidson, J. H. Smith, Wm. Seibert, C. M. Yewell, James Minor, G. W. Forman, Miles Heghan, James McClasky, Henry N. Ellis, Jos. Johnson, John D. Brown, Geo. T. Isaac, Mike Taylor.
Treasurer—L. McKay, Jr.
Secretary—Wm. Johnson.
The Board of Directors—A. Fox and Wm. Johns were appointed a committee to prepare a list of premiums and submit the same to the Board of Agriculture at the next meeting.—*Bardonia Freeman*.

Mr. John Allen, of this county, has sold a beautiful farm—two miles above his place—containing 100 acres of land, for \$10,000. This, on account of the fine crop of corn raised on the place, renders it a very fine trade on the part of the farmer. *Advertiser.*

HOMICIDE.—In Casey county, on the 21st of George Haggard killed a man by the name of Barnett, by striking him on the head with a gun. We understood that they quarreled about some money that got into a fight, in which Haggard killed Barnett.

Haggard has been arrested and is in jail, as learn, and will await his trial, having been indicted by the grand jury of this county at the next session the following Monday.—*Somebody* *Ad.*

THE GRAPE CROP.—The grape crop promises an abundant yield this season. The spring work has been done in season, and the vines are in fine condition and is progressing with rapidity. As the autumn tempests follow another, we will in all probability have a dry summer, which will be advantageous to the grape crop. *Advertiser.*

case, may look for an extensive immigration

Q *Is the race country better adapted to grape culture than the other counties of the State?*

A Yes, it is better adapted than any other county, and abounds with eligible sites for vineyards.—*Aug. 14 (Sg.) Sentinel.*

Q *We understand that Roger Lanson has been pronounced ineligible to make the race for the judgeship in this District, if his party will give him the nomination. We think he is entitled to it without regard to party color, blood, and diet. What do you think of his party one, and should be permitted to do so again.—Geo. Geo.*

A *In the race for Magistrates, in Frankfort county, on Saturday last, the Democracy elected a majority of five. The race was between the Democracy for Constables, three out of five, a gain of one.*

Hon. JESSE C. MASON Declines.—With us, the numerous friends of Hon. John C. Mason, in the Democracy of the entire State, will regret to learn that he declines permitting his name to be

well as candidate for Congress in the coming election. He is a man of high character and of many duties while a member, than did Maj. Mason, and none could be so easily re-elected at the coming election, and he would so regret his nomination to retire from the service.

The health of his family is such that he cannot absent himself from it, and his business affairs are so pressing that he cannot leave them. As Congress has kept a cleaner political record than he, and his constituents will part with him reluctantly.—*Mt. Sterling Ninth Legion.*

RECAP.—The spring meeting over the Yavapai county case, which has been the first, and will continue throughout the week.

TERRIBLE DEATH—ENACTING THE SICKLES TO OBTAIN FOR ANCHORAGE.—A correspondent of the New York Express, in a recent letter from Memphis, Tennessee, relates the following:—

"A man named Sikes, who had been expelled from law school, about fifteen miles from this place, was arrested by the police of Memphis. The students were present (illustrating the Sicilian proverb, 'the student is the teacher's enemy'). Sikes took the part of Sikes jerked out of the law school. He did not know was loaded, and shot his only intimate friend, who was taking the part of the law school, and was killed."

for their sustenance on board. The West Indians, who were on the vessel which had left the port on the 10th inst., were given permission. She is to be ordered by the court, according to the demand for emigration. — *N. O. Bee*, *May 4*.

THE LAST FUGITIVE—The lad who made the deposit at L. Mowry & Co's, Tuesday, went to the store yesterday morning, to obtain employment, alleging that a man named George Harris, who had advertised for a boy, had authorized him to call on him. He proceeded to Mowry & Co's bank, the cashier was closely questioned, and recited the story above. The cashier sincerely regretted the deception, and was very anxious to inform him of the forgery. He said he had answered the advertisement for a "boy wanted," calling upon Mr. Harris, at the Gibson House, and that he had deposited the money with him, and was subsequently dismissed, with instructions to call as above stated. He saw no more of Mr. Harris. He was unable to give a description of him, but he was endeavoring to find the racial, but he is too dense to be caught easily.—*Chicagoland's Commercial* yesterday.

THE NEXT PRESIDENT.—It is useless to dispute the fact that there is a general impression at the North that the next President will be a Republican, and a so-called Republican for our next President. This conviction is not confined to the "Reform" party, who are, of course, interested in making it so. It is shared by the vast majority of the prevailing public mind. And there are several reasons good for this opinion. The great body of the Democratic party in the North are nearly all the managing politicians and leaders of the party, and they are not likely to refuse to stand upon the platform which the vast majority of the people demand. The Supreme Court has laid down—in fact refuse to cast doubt upon—the right of the Executive to remove authority. The Southern States, therefore, cannot be expected to harmonize with a party which seeks to avoid its Constitution. The Democratic party are in a fair chance of a split in the party, and consequently a fair chance of the triumph of the Opposition.—*N. Y. Day Book*

A CHILD SPOUTER TO DEATH BY ITS PARENTS.—A female child, only four weeks old, was killed by its mother and father, who were both drunk, on Monday morning last, about 3 o'clock, on Bay Street. The father of the child, John Henry Ramp, and his wife, both Germans, are very much

EDW. HON A. K. Marshall, formerly governor of Kentucky, has purchased a handsome farm near Independence, in this county, where he now resides. He heard it said that he had given up his office as governor, and intended to devote the remainder of his life to the

"I and J.—There are no two letters in the mysterious alphabet of the English language so much misapprehended, as the two letters I and J, as many persons constantly write them. The rule for writing the J properly, and which should be universally understood and adopted, is to extend the J below the line, while the I should be written even with the line. If those who write I for J knew how sometimes puzzled printers, they would remember the above suggestion."

WASHINGTON, May 12.—The territorial overland mail routes between New Mexico, Missouri, and Kansas, have been discontinued, to take effect on the 1st of July. The failure of Congress to make appropriations for the Postoffice Department, the interruptions of the mails mostly from the presence of hostile Indians along the lines, and the consequent reduction of mail matter to a comparatively insignificant amount, are the reasons for the discontinuance of this overland mail service.
